

RS COLLECT

RS Collect is a highly secure multi-collect system allowing retailers, CIT companies and banks to perform safe and secure cash storage and/or transportation.

Being a part of Roller Safe product range RS Collect has unlimited configuration options and can be adapted to any cash-in-transit process.

- Simple and innovating collect system
- Up to 300 bank notes per drop
- Highly secure
- Reliable

RS COLLECT

The RS Collect has been designed for secure multi-collection. Unique electronic deposit system can receive up to 300 banknotes per drop. Intelligent drop system can be configured and customized: number of drops, number of openings, time slots, and other parameters of customer’s choice.

RS Collect is a part of unique and flexible RS product range which shares inter-operable accessories across different systems and processes, allowing customers to carry out cash service, collect, and ATM replenishment with equipment of a single product range.

SPECIFICATIONS

	Capacity (banknotes)	Measures (in mm)	Weight (unloaded)	Battery life	Volume (L)
RS Collect	up to 3000	W 362 x L 372 x H 645	18 kg	3000 operation hours	5.4
